

PlayFootball Help Resources

All registrations will be done via PlayFootball. You can either go to <https://www.playfootball.com.au/club-registration-search> and search for Bulls FC Academy, or go direct to our club page at <https://macarthurfc.com.au/holiday-clinics/> to start the process.

All players, coaches and managers are required to have an account with PlayFootball v2.0 in order to register. If you have previously registered using the earlier version of PlayFootball, your details have been copied across to the new system. However, you will need to "claim" that old profile. If you have never used PlayFootball before, you will need to setup a new account.

Regardless of which platform you have used in previous years, you will still be required to upload a new and recent photo as part of your registration.

As per previous PlayFootball systems, parents are able to setup an account and then use that single account to register each of their children separately.

Football Australia has provided some guides to help with the registration process.

Upon registration you will not receive an automatic email that confirms your registration. You will receive an "approved" email within 3-4 business days. You will then receive an "Important Information" email from the Bulls office approximately 5 business days after registering and 2 days before your selected clinic.

We will not be checking birth certificates or IDs. We trust you as parents and wish to make this process as easy and accessible as possible, therefore please don't stress about this part of the registration process. If you can no longer attend the clinic, please de-register yourself and contact the Bulls office. This way someone else can take your space and make the most of this opportunity.

You are required to register for both Morning and Afternoon sessions if you want your child to take part in a full day of clinics.
